Product Description

180° Beam Angle ON/OFF USB LED Light Bulbs with 500LM Luminous Flux

Product Description:

Introducing the USB LED Bright Bulb, a revolutionary new product that combines convenience and functionality in one. This USB LED Illuminating Bulb is designed to provide a bright, yet energy-efficient lighting solution that can be used anywhere. With a cable ON/OFF switch, you can easily turn it on and off without having to unplug it. The USB LED Bright Bulb is available in a range of colors and temperatures, from 3000k-6500k, and is available in both 5W and 7W wattage options. The luminous flux of the bulb is 500LM, offering a powerful light output for any space. Whether for home, office, or commercial applications, the USB LED Light Bulb is an ideal choice for anyone looking for an energy-saving and reliable lighting solution.

Support and Services:

USB LED Light Bulbs provide technical support and service to ensure that you have a pleasant user experience. Our customer service team is available to answer product-related questions and provide assistance in troubleshooting. You can contact us by email or phone for assistance.

We also offer a warranty on our USB LED Light Bulbs for any defects in materials or workmanship. Our warranty covers the cost of repair or replacement of the product, if necessary. You can find more information on our warranty policy on our website.

Packing and Shipping:

Packaging and Shipping:

Each USB LED Light Bulb is packaged in a white box, with clear labeling of the product name, features, and specifications.

The boxes are then placed in a larger carton, with a label indicating the contents and the number of items.

The cartons are shipped via a reputable courier service, with tracking and insurance.
